Donate Stock

Donations of appreciated stock or other securities benefit Her Justice the same way as a cash gift would—and as the donor, you may benefit as well.

Giving a gift of publicly traded stock that has increased in value and that you have owned for more than one year may provide better tax benefits than giving cash. Your charitable income tax deduction is equal to the fair market value of the stock, and you avoid paying capital gains tax on appreciated stock. You may also save on brokerage fees by transferring ownership rather than selling the stock.

Your broker can assist you in making a gift of stock via a direct transfer to Her Justice.
